**AUTHORIZED FEDERAL SUPPLY SERVICE  
INFORMATION TECHNOLOGY SCHEDULE PRICELIST  
GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY  
EQUIPMENT, SOFTWARE AND SERVICES**

**Special Item No. 132-51 Information Technology Professional Services**

FPDS Class D301	IT Facility Operation and Maintenance
FPDS Class D302	IT Systems Development Services
FPDS Class D306	IT Systems Analysis Services
FPDS Class D307	Automated Information Systems Design and Integration Services
FPDS Class D308	Programming Services Millennium Conversion Services (Y2K)
FPDS Class D310	IT Backup and Security Services
FPDS Class D311	IT Data Conversion Services
FPDS Class D313	Computer Aided Design/Computer Aided Manufacturing (CAD/CAM) Services
FPDS Class D316	IT Network Management Services
FPDS Class D317	Creation/Retrieval of IT Related Automated News Services, Data Services, or Other Information Services (All other information services belong under Schedule 76)
FPDS Class D399	Other Information Technology Services, Not Elsewhere Classified

NOTE 1: All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

NOTE 2: Offerors and Agencies are advised that the Group 70- Information Technology Schedule is not to be used as means to procure services, which properly fall under the Brooks Act. These services include, but are not limited to, architectural, engineering, mapping, cartographic production, remote sensing, geographic information systems, and related services. FAR 36.6 distinguishes between aping services of an A/E nature and mapping services which are not connected nor incidental to the traditionally accepted A/E Services.

NOTE 3: This solicitation is not intended to solicit for the reselling of IT Professional Services, except for the provision of implementation, maintenance, integration, or training services in direct support of a product. Under such circumstances the services must be performance by the publisher or manufacturer or one of their authorized agents.

---

## INFORMATION FOR ORDERING OFFICES

### SPECIAL NOTICE TO AGENCIES:

#### **Small Business Participation**

SBA strongly supports the participation of small business concerns in the Federal Supply Schedules Program. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micro-purchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!<sup>™</sup> on-line shopping service ([www.fss.gsa.gov](http://www.fss.gsa.gov)). The catalogs/pricelists, GSA Advantage!<sup>™</sup> and the Federal Supply Service Home Page ([www.fss.gsa.gov](http://www.fss.gsa.gov)) contains information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micro-purchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

#### **1. Geographic Scope of Contract**

*Domestic delivery* is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

*Overseas delivery* is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Contractor will provide domestic and overseas delivery.

#### **2. Contractor's Ordering Address**

**Camber Corporation**  
**Attention: Ms. Stephanie Jattuso**  
**635 Discovery Drive**  
**Huntsville, AL 35806-2801**

**Contractor's Payment Information:**

Payment by check should be sent to:

**Camber Corporation**  
**PO Box 934703**  
**Atlanta, GA 31193-4703**

**Electronic payment info:**

**Routing # for EFT/ACH: -62000080 Account #2000648566108**

**\*For any customers who make payments via wire the routing number should be #111025013**

Contractor must accept the credit card for payments equal to or less than the micro-purchase for oral or written orders under this contract. The Contractor and the ordering agency may agree to use the credit card for dollar amounts over the micro-purchase threshold (See GSAR 552.232-79 Payment by Credit Card). In addition, bank account information for wire transfer payments will be shown on the invoice.

The following telephone number(s) can be used by ordering agencies to obtain technical and/or ordering assistance:

Inquiries may be faxed to (256) 922-3574, emailed to sjattuso@camber.com or phoned toll free to 1-800-998-7988.

**3. Liability for Injury or Damage**

The Contractor shall not be liable for any injury to Government personnel or damage to Government property arising from the use of equipment maintained by the Contractor, unless such injury or damage is due to the fault or negligence of the Contractor.

**4. Statistical Data for Government Ordering Office Completion of Standard Form 279**

Block 9: G. Order/Modification Under Federal Schedule

**Block 16: Data Universal Numbering System (DUNS) Number: 60-957-0742**

Block 30: Type of Contractor - C. (Large Business)

Block 31: Woman-Owned Small Business - No

**Block 36: Contractor's Taxpayer Identification Number (TIN): 06-1159755**

**4a. CAGE Code: #0MWW4**

**4b. Contractor has registered with the Central Contractor Registration Database.**

**5. FOB Destination**

**6. Delivery Schedule**

a. Time Of Delivery. The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO), as set forth below.

SPECIAL ITEM NUMBER	DELIVERY TIME (Days ARO)
---------------------	--------------------------

132 – 51

As negotiated between the Government agency and Camber Corporation.

- b. **URGENT REQUIREMENTS:** When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering agency, agencies are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering agency, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

**7. Discounts**

**Prices shown are NET Prices; Basic Discounts have been deducted.**

- a. Prompt Payment: 0.25% 10 DAYS, NET 30 DAYS from receipt of invoice or date of acceptance, whichever is later.
- b. Quantity: Task-Order discounts based on dollar volumes \$150k thru \$299k (1%) , \$300k-\$499k (2%), \$500k and above negotiated on a agency by agency basis.
- c. Dollar Volume: None
- d. Government Educational Institutions: Government Educational Institutions are offered the same discounts as all other Government customers.
- e. Other

**8. Trade Agreements Act of 1979, as amended**

All items are U.S. made end products, designated country end products, Caribbean Basin country end products, Canadian end products, or Mexican end products as defined in the Trade Agreements Act of 1979, as amended.

**9. Statement Concerning Availability of Export Packing  
Not available to this contract.**

**10. Small Requirements**

**The minimum dollar value of orders to be issued is \$100.**

**11. Maximum Order**

**(All dollar amounts are exclusive of any discount for prompt payment.)**

- g. Special Item Number 132-51 - Information Technology Professional Services. The maximum dollar value per order for all IT services will be \$500,000.

**12. Ordering Procedures For Federal Supply Schedule Contracts**

Ordering activities shall use the ordering procedures of Federal Acquisition Regulation (FAR) 8.405 when placing an order or establishing a BPA for supplies or services. These procedures apply to all schedules.

- a. FAR 8.405-1 Ordering procedures for supplies, and services not requiring a statement of work.
- b. FAR 8.405-2 Ordering procedures for services requiring a statement of work.

**13. Federal Information Technology/Telecommunications Standards Requirements**

Federal departments and agencies acquiring products from this Schedule must comply with the provisions of the Federal Standards Program, as appropriate (reference: NIST Federal Standards

Index). Inquiries to determine whether or not specific products listed herein comply with Federal Information Processing Standards (FIPS) or Federal Telecommunication Standards (FED-STDS), which are cited by ordering offices, shall be responded to promptly by the Contractor.

**13.1 Federal Information Processing Standards Publications (FIPS PUBS): Information Technology** products under this Schedule that do not conform to Federal Information Processing Standards (FIPS) should not be acquired unless a waiver has been granted in accordance with the applicable "FIPS Publication." Federal Information Processing Standards Publications (FIPS PUBS) are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Information concerning their availability and applicability should be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161. FIPS PUBS include voluntary standards when these are adopted for Federal use. Individual orders for FIPS PUBS should be referred to the NTIS Sales Office, and orders for subscription service should be referred to the NTIS Subscription Officer, both at the above address, or telephone number (703) 487-4650.

**13.2 Federal Telecommunication Standards (FED-STDS)** Telecommunication products under this Schedule that do not conform to Federal Telecommunication Standards (FED-STDS) should not be acquired unless a waiver has been granted in accordance with the applicable "FED-STD." Federal Telecommunication Standards are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Ordering information and information concerning the availability of FED-STDS should be obtained from the GSA, Federal Supply Service, Specification Section, 470 East L'Enfant Plaza, Suite 8100, SW, Washington, DC 20407, telephone number (202) 619-8925. Please include a self-addressed mailing label when requesting information by mail. Information concerning their applicability can be obtained by writing or calling the U.S. Department of Commerce, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301) 975-2833.

**14. CONTRACTOR TASKS / SPECIAL REQUIREMENTS (C-FSS-370) (NOV 2003)**

(a) Security Clearances: The Contractor may be required to obtain/possess varying levels of security clearances in the performance of orders issued under this contract. All costs associated with obtaining/possessing such security clearances should be factored into the price offered under the Multiple Award Schedule.

(b) Travel: The Contractor may be required to travel in performance of orders issued under this contract. Allowable travel and per diem charges are governed by Pub .L. 99-234 and FAR Part 31, and are reimbursable by the ordering agency or can be priced as a fixed price item on orders placed under the Multiple Award Schedule. Travel in performance of a task order will only be reimbursable to the extent authorized by the ordering agency. The Industrial Funding Fee does NOT apply to travel and per diem charges.

(c) Certifications, Licenses and Accreditations: As a commercial practice, the Contractor may be required to obtain/possess any variety of certifications, licenses and accreditations for specific FSC/service code classifications offered. All costs associated with obtaining/ possessing such certifications, licenses and accreditations should be factored into the price offered under the Multiple Award Schedule program.

(d) Insurance: As a commercial practice, the Contractor may be required to obtain/possess insurance coverage for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such insurance should be factored into the price offered under the Multiple Award Schedule program.

(e) Personnel: The Contractor may be required to provide key personnel, resumes or skill category descriptions in the performance of orders issued under this contract. Ordering activities may require agency approval of additions or replacements to key personnel.

(f) Organizational Conflicts of Interest: Where there may be an organizational conflict of interest as determined by the ordering agency, the Contractor's participation in such order may be restricted in accordance with FAR Part 9.5.

(g) Documentation/Standards: The Contractor may be requested to provide products or services in accordance with rules, regulations, OMB orders, standards and documentation as specified by the agency's order.

(h) Data/Deliverable Requirements: Any required data/deliverables at the ordering level will be as specified or negotiated in the agency's order.

(i) Government-Furnished Property: As specified by the agency's order, the Government may provide property, equipment, materials or resources as necessary.

(j) Availability of Funds: Many Government agencies' operating funds are appropriated for a specific fiscal year. Funds may not be presently available for any orders placed under the contract or any option year. The Government's obligation on orders placed under this contract is contingent upon the availability of appropriated funds from which payment for ordering purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are available to the ordering Contracting Officer.

(k) Overtime: For professional services, the labor rates in the Schedule should not vary by virtue of the Contractor having worked overtime. For services applicable to the Service Contract Act (as identified in the Schedule), the labor rates in the Schedule will vary as governed by labor laws (usually assessed a time and a half of the labor rate).

## 15. Contract Administration for Ordering Offices

Any ordering office, with respect to any one or more delivery orders placed by it under this contract, may exercise the same rights of termination as might the GSA Contracting Officer under provisions of FAR 52.212-4, paragraphs (l) Termination for the Government's convenience, and (m) Termination for Cause (See C.1.).

## 16. GSA Advantage!

GSA Advantage! is an on-line, interactive electronic information and ordering system that provides on-line access to vendors' schedule prices with ordering information. GSA Advantage! will allow the user to perform various searches across all contracts including, but not limited to:

- (1) Manufacturer;
- (2) Manufacturer's Part Number; and

(3) Product categories.

Agencies can browse GSA Advantage! by accessing the Internet World Wide Web utilizing a browser (ex.: NetScape). The Internet address is <http://www.fss.gsa.gov/>.

**17. Purchase Of Open Market Items**

NOTE: Open Market Items are also known as incidental items, noncontract items, non-Schedule items, and items not on a Federal Supply Schedule contract. ODCs (Other Direct Costs) are not part of this contract and should be treated as open market purchases. Ordering Activities procuring open market items must follow FAR 8.402(f).

For administrative convenience, an ordering activity contracting officer may add items not on the Federal Supply Multiple Award Schedule (MAS) -- referred to as open market items -- to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order, **only if-**

- (1) All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19));
- (2) The ordering activity contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;
- (3) The items are clearly labeled on the order as items not on the Federal Supply Schedule; and
- (4) All clauses applicable to items not on the Federal Supply Schedule are included in the order.

**18. Contractor Commitments, Warranties and Representations**

- a. For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:
  - (1) Time of delivery/installation quotations for individual orders;
  - (2) Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/service/software package submitted in response to requirements which result in orders under this schedule contract.
  - (3) Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by the Contractor.
- b. The above is not intended to encompass items not currently covered by the GSA Schedule contract.

**19. Overseas Activities**

The terms and conditions of this contract shall apply to all orders for installation, maintenance and repair of equipment in areas listed in the pricelist outside the 48 contiguous states and the District of Columbia, except as indicated below: Does not pertain to this contract.

Upon request of the Contractor, the Government may provide the Contractor with logistics support, as available, in accordance with all applicable Government regulations. Such Government support will be provided on a reimbursable basis, and will only be provided to the Contractor's technical

personnel whose services are exclusively required for the fulfillment of the terms and conditions of this contract.

**20. Blanket Purchase Agreements (BPAs)**

The use of BPAs under any schedule contract to fill repetitive needs for supplies or services is allowable. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPA and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). Ordering activities shall follow FAR 8.405-3 when creating and implementing BPA(s).

**21. Contractor Team Arrangements**

Contractors participating in contractor team arrangements must abide by all terms and conditions of their respective contracts. This includes compliance with Clauses 552.238-74, Industrial Funding Fee and Sales Reporting, i.e., each contractor (team member) must report sales and remit the IFF for all products and services provided under its individual contract.

**22. Installation, Deinstallation, Reinstallation**

The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of \$2,000.00 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall received less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds \$2,000.00, then the requirements of the Davis-Bacon Act applies.

The requisitioning activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 132-8.

**23. Section 508 Compliance**

If applicable, Section 508 compliance information on the supplies and services in this contract are available in Electronic and Information Technology (EIT) at the following:

[http://www.camber.com/contracts/GSAIT\\_Section508Compliance.html](http://www.camber.com/contracts/GSAIT_Section508Compliance.html)

The EIT standard can be found at: [www.Section508.gov/](http://www.Section508.gov/)

**24. Prime Contractor Ordering From Federal Supply Schedules**

Prime Contractors (on cost reimbursement contracts) placing orders under Federal Supply Schedules, on behalf of a Federal Agency, shall follow the terms of the applicable schedule and authorization and include with each order –

- (a) A copy of the authorization from the Agency with whom the contractor has the prime contract (unless a copy was previously furnished to the Federal Supply Schedule contractor); and
- (b) The following statement:  
This order is placed under written authorization from \_\_\_\_\_ dated \_\_\_\_\_. In the event of any inconsistency between the terms and conditions of this order and those of your Federal Supply Schedule contract, the latter will govern.

**25. Insurance- Work on a Government Installation  
(JAN 1997)(FAR 52.228-5)**

- (a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.
- (b) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government's interest shall not be effective—
  - (1) For such period as the laws of the State in which this contract is to be performed prescribe; or
  - (2) Until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.
- (c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies available to the Contracting Officer upon request.

**26. Software Interoperability.**

Offerors are encouraged to identify within their software items any component interfaces that support open standard interoperability. An item's interface may be identified as interoperable on the basis of participation in a Government agency-sponsored program or in an independent organization program. Interfaces may be identified by reference to an interface registered in the component registry located at <http://www.core.gov>.

**27. Advance Payments**

A payment under this contract to provide a service or deliver an article for the United States Government may not be more than the value of the service already provided or the article already delivered. Advance or pre-payment is not authorized or allowed under this contract. (31 U.S.C. 3324)

---

**TERMS AND CONDITIONS APPLICABLE TO INFORMATION TECHNOLOGY (IT)  
PROFESSIONAL SERVICES**

**(Special Item Number 132-51)**

**1. Scope**

- a. The prices, terms and conditions stated under Special Item Number 132-51 Information Technology Professional Services apply exclusively to IT Professional Services within the scope of this Information Technology Schedule.
- b. The Contractor shall provide services at the Contractor's facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

**2. Performance Incentives I-FSS-60 Performance Incentives (April 2000)**

- a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract.
- b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
- c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity's mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

**3. Order**

- a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
- b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

**4. Performance Of Services**

- a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
- b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.
- c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.

- d. Any Contractor travel required in the performance of IT/IAM Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

**5. Stop-Work Order (FAR 52.242-15) (AUG 1989)**

- (a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-
- (1) Cancel the stop-work order; or
  - (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.
- (b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-
- (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
  - (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.
- (c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.
- (d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

**6. Inspection Of Services**

The Inspection of Services–Fixed Price (AUG 1996) (Deviation 1 – May 2003) clause at FAR 52.246-4 applies to firm-fixed price orders placed under this contract. The Inspection–Time-and-Materials and Labor-Hour (May 2001) (Deviation 1 – May 2003) clause at FAR 52.246-6 applies to time-and-materials and labor-hour orders placed under this contract.

**7. Responsibilities Of The Contractor**

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Deviation – Dec 2007) Rights in Data – General, may apply.

## **8. Responsibilities Of The Ordering Activity**

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT Professional Services.

## **9. Independent Contractor**

All IT Professional Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

## **10. Organizational Conflicts Of Interest**

### **a. Definitions.**

“Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

“Contractor and its affiliates” and “Contractor or its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor’s or its affiliates’ objectivity in performing contract work.

b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

## **11. Invoices**

The Contractor, upon completion of the work ordered, shall submit invoices for IT Professional services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

## **12. Payments**

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (OCT 2008) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (OCT 2008) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to labor-hour orders

---

placed under this contract. 52.216-31(Feb 2007)Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition As prescribed in 16.601(e)(3), insert the following provision:

- (a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.
- (b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—
  - (1) The offeror;
  - (2) Subcontractors; and/or
  - (3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

**13. Resumes**

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

**14. Incidental Support Costs**

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

**15. Approval Of Subcontracts**

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

## 16. Description of IT Services and Pricing

### Description of Services

Camber Corporation provides Information Technology Services across the full system lifecycle. These services include, but are not limited to, the following:

- Project and Program Management/Control
- System Acquisition Support
- Software and Systems Engineering
- Geographical Information Systems
- Automated Information Management Systems
- Web Technology Services
- Systems Analysis and Design
- Conversion and Implementation Support
- Client/Server Migration
- System Prototyping
- Data/Records Management
- Resources and Facilities Management
- Business Process Re-engineering
- Test and Evaluation Design and Support
- Modeling and Simulation Support
- Systems Integration
- Visualization Technology Services
- Total Computer and Network Service Solutions
- Programming
- Database Planning and Design
- Millennium Conversion Services (Y2K)
- Independent Verification and Validation
- Studies and Analysis
- Engineering Support Services
- Cost Analysis and Estimating
- Hardware Analysis and Support

---

## Labor Categories and Descriptions

### INFORMATION SYSTEMS ENGINEERING

#### **INFORMATION SYSTEMS PROGRAM MANAGER**

Minimum/General Experience: Fifteen years of experience successfully performing any combination of: project and program management/control, Web technology services, modeling and simulation support, visualization technology services, software and systems engineering, network services, application conversion and implementation support, client/server migration, database planning and design, independent verification and validation, business process re-engineering, system acquisition support, systems analysis and design, systems integration, studies and analysis, cost analysis and estimating, resources and facilities management.

Functional Responsibility: Individuals at this level are recognized authorities in systems engineering. They function as program managers for large work efforts effectively supervising all aspects of systems development. They apply intensive and diverse knowledge to problems and make independent decisions. They supervise the implementation of disciplined processes that assure compliance with rigorous company and client standards, policies and procedures for quality task performance.

Minimum Education: Qualifications include a Bachelor's degree with course work in a related discipline. An Associate's degree and four years experience or seven years of relevant experience may be substituted for a Bachelor's degree.

#### **PRINCIPAL INFORMATION SYSTEMS ENGINEER/ANALYST**

Minimum/General Experience: Twelve years of experience successfully performing any combination of: project and program management/control, Web technology services, modeling and simulation support, visualization technology services, software and systems engineering, network services, application conversion and implementation support, client/server migration, database planning and design, studies and analysis, independent verification and validation, business process re-engineering, system acquisition support, geographical information systems, systems analysis and design, test and evaluation design support, systems integration, cost analysis and estimating, resources and facilities management.

Functional Responsibility: Individuals at this level are authorities in information systems engineering or analysis. They manage large portions of work efforts and or independently manage all aspects of systems development for smaller projects. They apply intensive and diverse knowledge to problems and make independent decisions. They supervise the implementation of disciplined processes that assure compliance with rigorous company and client standards, policies and procedures for quality task performance. Qualified to serve as Task Manager and Quality Assurance Manager.

Minimum Education: Qualifications include a Bachelor's degree with course work in a related discipline. An Associate's degree and four years experience or seven years of relevant experience may be substituted for a Bachelor's degree.

### **SENIOR INFORMATION SYSTEMS ENGINEER**

Minimum/General Experience: Eight years of experience successfully performing any combination of: Web technology services, modeling and simulation support, visualization technology services, software and systems engineering, network services, application conversion and implementation support, client/server migration, database planning and design, independent verification and validation, business process re-engineering, system prototyping, hardware analysis and integration, system acquisition support, geographical information systems, systems analysis and design, system prototyping, test and evaluation design support, systems integration, total computer and network services, studies and analysis, specialty engineering and support services, cost analysis and estimating, resources and facilities management.

Functional Responsibility: Individuals at this level provide leadership for all aspects of systems development for projects. They apply intensive and diverse knowledge to problems and make independent decisions. They implement disciplined processes that assure compliance with rigorous company and client standards, policies and procedures for quality task performance. Qualified to serve as Quality Assurance Manager.

Minimum Education: Qualifications include a Bachelor's degree with course work in a related discipline. An Associate's degree and four years experience or seven years of relevant experience may be substituted for a Bachelor's degree.

### **INFORMATION SYSTEMS ENGINEER**

Minimum/General Experience: Four years of experience successfully performing any combination of: Web technology services, modeling and simulation support, visualization technology services, software and systems engineering, hardware analysis and integration, client/server migration, database planning and design, programming, business process re-engineering, records management, system acquisition support, geographical information systems, systems analysis and design, system prototyping, test and evaluation design support, systems integration, total computer and network services, studies and analysis, cost analysis and estimating, resources and facilities management.

Functional Responsibility: Individuals at this level provide substantial efforts to systems development using their knowledge of related skills. They devise new approaches to problems encountered. They implement disciplined processes that assure compliance with rigorous company and client standards, policies and procedures for quality task performance. Qualified to serve as Primary Systems Test Engineer.

Minimum Education: Qualifications include a Bachelor's degree with course work in a related discipline. An Associate's degree and four years experience or seven years of relevant experience may be substituted for a Bachelor's degree.

### **JOURNEYMAN INFORMATION SYSTEMS ENGINEER**

Minimum/General Experience: Two years of experience successfully performing any combination of: software and systems engineering, network services, hardware analysis and integration, database planning and design, data/records management, programming, system prototyping, business process re-engineering, system acquisition support, geographical information systems, systems analysis and design, test and evaluation design support, systems integration, studies and analysis.

Functional Responsibility: Individuals at this level perform routine engineering tasks to support systems development. They participate in disciplined processes that assure compliance with rigorous company and client standards, policies and procedures for quality task performance. Qualified to serve as Configuration Manager.

Minimum Education: Qualifications include a Bachelor's degree with course work in a related discipline. An Associate's degree and four years experience or seven years of relevant experience may be substituted for a Bachelor's degree.

### **ASSOCIATE INFORMATION SYSTEMS ENGINEER**

Minimum/General Experience: Experience with any combination of: software and systems engineering, network services, database planning and design, data/records management, programming, business process re-engineering, system acquisition support, geographical information systems, systems analysis and design, test and evaluation design support, systems integration, studies and analysis.

Functional Responsibility: Individuals at this level provide support to software and systems engineering and programming tasks. They participate in disciplined processes that assure compliance with rigorous company and client standards, policies and procedures for quality task performance. Qualified to serve as Configuration Manager.

Minimum Education: Qualifications include a Bachelor's degree with course work in a related discipline. An Associate's degree and four years experience or seven years of relevant experience may be substituted for a Bachelor's degree.

### **SENIOR COMPUTER ENGINEER**

Minimum/General Experience: Five years of experience successfully performing any combination of: Web technology services, modeling and simulation support, visualization technology services, software and systems engineering, network services, hardware analysis and integration, application conversion and implementation support, client/server migration, database planning and design, programming, systems analysis and design, system prototyping and integration.

Functional Responsibility: Individuals at this level provide substantial efforts to systems development using their knowledge of software engineering and programming languages. They devise new approaches to problems encountered. They implement disciplined processes that assure compliance with rigorous company and client standards, policies and procedures for quality task performance. They have expert knowledge of several programming languages.

Minimum Education: Qualifications include a Bachelor's degree with course work in a related discipline. An Associate's degree and four years experience or seven years of relevant experience may be substituted for a Bachelor's degree.

---

## **SENIOR INFORMATION SYSTEMS ANALYST**

Minimum/General Experience: Six years of analysis experience successfully supporting any combination of: Web technology services, modeling and simulation support, visualization technology services, software and systems engineering, application conversion and implementation support, client/server migration, database planning and design, independent verification and validation, business process re-engineering, system prototyping, hardware analysis and integration, system acquisition support, geographical information systems, systems analysis and design, test and evaluation design support, systems integration, total computer and network services, studies and analysis, specialty engineering and support services, cost analysis and estimating.

Functional Responsibility: Individuals at this level provide leadership and expert analysis in support of systems development. They devise new approaches to problems encountered. They implement disciplined processes that assure compliance with rigorous company and client standards, policies and procedures for quality task performance. Qualified to serve as Quality Assurance Manager.

Minimum Education: Qualifications include a Bachelor's degree with course work in a related discipline. An Associate's degree and four years experience or seven years of relevant experience may be substituted for a Bachelor's degree.

## **INFORMATION SYSTEMS ANALYST**

Minimum/General Experience: Three years of analysis experience successfully supporting any combination of: Web technology services, modeling and simulation support, visualization technology services, software and systems engineering, hardware analysis and integration, database planning and design, programming, data/records management, business process re-engineering, system acquisition support, geographical information systems, systems analysis and design, system prototyping, test and evaluation design support, systems integration, total computer and network services, studies and analysis, cost analysis and estimating. .

Functional Responsibility: Individuals at this level provide substantial analysis to systems development. They devise new approaches to problems encountered. They participate in disciplined processes that assure compliance with rigorous company and client standards, policies and procedures for quality task performance. Qualified to serve as Configuration Manager.

Minimum Education: Qualifications include a Bachelor's degree with course work in a related discipline. An Associate's degree and four years experience or seven years of relevant experience may be substituted for a Bachelor's degree.

## **JOURNEYMAN INFORMATION SYSTEMS ANALYST**

Minimum/General Experience: One year of experience supporting any combination of: system acquisition support, systems analysis and design, network services, database planning and design, data/records management, programming, studies and analysis.

Functional Responsibility: Individuals at this level provide routine analysis support to systems development. They participate in disciplined processes that assure compliance with rigorous company and client standards, policies and procedures for quality task performance. Qualified to serve as Configuration Manager.

Minimum Education: Qualifications include a Bachelor's degree with course work in a related discipline. An Associate's degree and four years experience or seven years of relevant experience may be substituted for a Bachelor's degree.

---

## **TECHNICAL WRITER**

Minimum/General Experience: Three years of experience successfully supporting any combination of: network services, hardware analysis and integration, database planning and design, programming, data/records management, business process re-engineering, automated information management systems, systems analysis and design, system prototyping, studies and analysis.

Functional Responsibility: Individuals at this level provide technical documentation support to systems development tasks. They participate in disciplined processes that assure compliance with rigorous company and client standards, policies and procedures for quality task performance.

Minimum Education: Qualifications include a Bachelor's degree with course work in a related discipline. An Associate's degree and four years experience or seven years of relevant experience may be substituted for a Bachelor's degree.

## **GRAPHIC ARTIST**

Minimum/General Experience: Experience with any combination of: Web technology services, graphic design, image generation, content authoring, automated graphics/production tool

Functional Responsibility: Individuals at this level support graphic design, production, and/or presentation efforts. They participate in disciplined processes that assure compliance with rigorous company and client standards, policies and procedures for quality task performance.

Minimum Education: Qualifications include an Associate's degree with course work in a related discipline. A HS diploma and three years of relevant experience may be substituted for an Associate's degree.

## **DATA ENTRY SPECIALIST**

Minimum/General Experience: Two years of experience with any combination of: network services, database planning and design, data/records management, programming, automated information management systems.

Functional Responsibility: Individuals at this level provide routine data entry and documentation support to system development tasks. They participate in disciplined processes that assure compliance with rigorous company and client standards, policies and procedures for quality task performance.

Minimum Education: Qualifications include a HS diploma and related technical training.

## **INFORMATION ASSURANCE PROJECT MANAGER**

Minimum/General Experience: Seven (7) years of progressive experience demonstrating the required proficiency.

Functional Responsibility: Project Manager (PM) is responsible for successfully accomplishing a specific, major effort on behalf of a given client. Commits corporate assets and makes all project-related decisions. Interfaces with the client's Technical Representative to ensure continuous client satisfaction. Leads a team in the initiating, planning, controlling, executing, and closing tasks of a project or segment of a project to produce the solution deliverable. Analyzes information and situations and implements actions, independently and/or through the management team, to ensure project objectives are met.

Minimum Education: Masters degree from an accredited college or university, which provides substantial knowledge of the information sciences. Bachelor's degree is acceptable with 10 years of intensive and progressive experience demonstrating the required proficiency levels related to the task.

---

### **INFORMATION ASSURANCE TASK MANAGER**

Minimum/General Experience: Seven (7) years of progressive experience demonstrating the required proficiency.

Functional Responsibility: Acts as the overall lead, manager and administrator for task effort. Serves as the primary or secondary interface and point of contact with Government program authorities and representatives on technical program/project issues. Supervises program/project operations by developing procedures, planning and directing execution of the technical, programming, maintenance and administrative support effort and monitoring and reporting progress.

Minimum Education: Bachelor's degree from an accredited college or university, which provides substantial knowledge of the information sciences. Education may be substituted with 10 years of intensive and progressive experience demonstrating the required proficiency levels related to task.

### **INFORMATION ASSURANCE ENGINEER**

Minimum/General Experience: Five (5) years of progressive experience demonstrating the required proficiency levels related to task.

Functional Responsibility: Provides customer support in solving phases of complex technical problems. Reviews and recommends technical solutions to customer problems based on an understanding of products/systems test results. Conducts systems security analysis and implementation, system engineering, electrical design, design assurance, testing, software engineering, program design, configuration management, integration and testing of products and techniques. Solutions are based on a firm understanding of government/industry policy, practices, procedures, customer requirements, and emerging technologies and future trends in support of information systems and networks. Provides work direction and guidance to other personnel; ensures accuracy of the work of other personnel, operates under deadlines and able to work on multiple tasks.

Minimum Education: Bachelor's degree from an accredited college or university, which provides substantial knowledge of the information sciences. Master's degree preferred. Education may be substituted with 10 year of intensive and progressive experience demonstrating the required proficiency levels related to task.

### **INFORMATION ASSURANCE PRINCIPAL ANALYST**

Minimum/General Experience: Five (5) years of progressive experience demonstrating the required proficiency levels related to task.

Functional Responsibility: Acts as the overall lead, manager and administrator for task effort. Serves as the primary or secondary interface and point of contact with Government program authorities and representatives on technical program/project issues. Supervises program/project operations by developing procedures, planning and directing execution of the technical, programming, maintenance and administrative support effort and monitoring and reporting progress.

Minimum Education: Bachelor's degree from an accredited college or university, which provides substantial knowledge of the information sciences. Education may be substituted with 10 year of intensive and progressive experience demonstrating the required proficiency levels related to task.

---

### **INFORMATION ASSURANCE PROJECT ANALYST**

Minimum/General Experience: Three (3) years of progressive experience demonstrating the required proficiency levels related to task.

Functional Responsibility: Provide experience and expertise in one or more functional areas including, but not limited to: configuration management, quality assurance, business process re-engineering, fiscal support, management, security analyses, human factors analyses, data analyses (outputs of specific systems), etc. Apply broad knowledge and experience to complex requirements. Develop, design and perform feasibility studies and functional analyses. Subsequently, determine and design alternative strategies, develop and monitor tests and assist in the implementation of solutions. Senior level analysts may direct and integrate the work of lower level analysts.

Minimum Education: Bachelor's degree from an accredited college or university, which provides substantial knowledge of the information sciences. Education may be substituted with 7 years of intensive and progressive experience demonstrating the required proficiency levels related to task.

### **INFORMATION ASSURANCE SYSTEMS ANALYST**

Minimum/General Experience: Three (3) years of progressive experience demonstrating the required proficiency levels related to task.

Functional Responsibility: Provides specialized analytical knowledge and performs systems assessments pertinent to program requirements. Performs high-level systems analysis, evaluates documentation, design, integration, programming and/or implementation of information systems and architectures. Reviews and prepares system documentation and reports based upon analysis.

Minimum Education: Bachelor's degree from an accredited college or university, which provides substantial knowledge of the information sciences. Education may be substituted with 5 years of intensive and progressive experience demonstrating the required proficiency levels related to task.

### **INFORMATION ASSURANCE ANALYST**

Minimum/General Experience: One (1) year of progressive experience demonstrating the required proficiency levels related to task.

Functional Responsibility: Apply analysis techniques and disciplines to plan, design and prepare sound solutions to requirements. They prepare documentation of designed solutions. They evaluate, recommend improvements, and identify required resources and provide assistance in implementing changes.

Minimum Education: Bachelor's degree from an accredited college or university, which provides substantial knowledge of the information sciences. Education may be substituted with 3 years of intensive and progressive experience demonstrating the required proficiency levels related to task.

**USA COMMITMENT TO PROMOTE SMALL BUSINESS PARTICIPATION  
PROCUREMENT PROGRAMS**

**Preamble**

Camber Corporation provides commercial products and services to the Federal Government. We are committed to promoting participation of small, small disadvantaged and women-owned small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protége programs, joint ventures, teaming arrangements, and subcontracting.

**Commitment**

To actively seek and partner with small businesses.

To identify, qualify, mentor and develop small, small disadvantaged and women-owned small businesses by purchasing from these businesses whenever practical.

To develop and promote company policy initiatives that demonstrate our support for awarding contracts and subcontracts to small business concerns.

To undertake significant efforts to determine the potential of small, small disadvantaged and women-owned small business to supply products and services to our company.

To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged, and women-owned small businesses.

To attend business opportunity workshops, minority business enterprise seminars, trade fairs, procurement conferences, etc., to identify and increase small businesses with whom to partner.

To publicize in our marketing publications our interest in meeting small businesses that may be interested in subcontracting opportunities.

We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in Federal Government contracts. To accelerate potential opportunities please contact Richard S. Nelson, (256) 922-0200, [gsa@camber.com](mailto:gsa@camber.com), fax (256) 922-3574.

BPA NUMBER \_\_\_\_\_

(CUSTOMER NAME) BLANKET PURCHASE AGREEMENT

Pursuant to GSA Federal Supply contract number(s) \_\_\_\_\_, Blanket Purchase Agreements, the Contractor agrees to the following terms of a Blanket Purchase Agreement (BPA) EXCLUSIVELY WITH (Ordering Agency):

(1) The following contract items can be ordered under this BPA. All orders placed against this BPA are subject to the terms and conditions of the contract, except as noted below:

**MODEL NUMBER/PART NUMBER  
DISCOUNT/PRICE**

**\*SPECIAL BPA**

(2) \_\_\_\_\_  
Delivery:

\_\_\_\_\_

DESTINATION

DELIVERY  
SCHEDULE/DATES

\_\_\_\_\_

\_\_\_\_\_

(3) The Government estimates, but does not guarantee, that the volume of purchases through this agreement will be \_\_\_\_\_.

(4) This BPA does not obligate any funds.

(5) This BPA expires on \_\_\_\_\_ or at the end of the contract period, whichever is earlier.

(6) The following office(s) is hereby authorized to place orders under this BPA:  
OFFICE POINT OF CONTACT

\_\_\_\_\_

(7) Orders will be placed against this BPA via Electronic Data Interchange (EDI), FAX or paper.

(8) Unless otherwise agreed to, all deliveries under this BPA must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:

- (a) Name of contractor;
- (b) Contract number;
- (c) BPA number;
- (d) Model number or National Stock Number (NSN);
- (e) Purchase order number;
- (f) Date of purchase;
- (g) Quantity, unit price, and extension of each item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information); and
- (h) Date of shipment.

(9) The requirements of a proper invoice are as specified in the Federal Supply Schedule contract. Invoices will be submitted to the address specified within the purchase order transmission issued against this BPA.

- (10) The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of this BPA and the Contractor's invoice, the provisions of this BPA will take precedence.

### **BASIC GUIDELINES FOR USING “CONTRACTOR TEAM ARRANGEMENTS”**

Federal Supply Schedule Contractors may use “Contractor Team Arrangements” (see FAR 9.6) to provide solutions when responding to a ordering activity requirements.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Orders under a Team Arrangement are subject to terms and conditions or the Federal Supply Schedule Contract.

Participation in a Team Arrangement is limited to Federal Supply Schedule Contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

- The customer identifies their requirements.
- Federal Supply Schedule Contractors may individually meet the customers needs, or -
- Federal Supply Schedule Contractors may individually submit a Schedules “Team Solution” to meet the customer’s requirement.
- Customers make a best value selection.
